

Crawley Community & Voluntary Service Membership

Crawley CVS exists to support and represent our members who are made up of charities, voluntary and community groups. It enables voluntary organisations to come together as part of a powerful local network.

The trustees of Crawley CVS believe that all organisations accessing any support or service provided by Crawley CVS should have a say in the management and running of the organisation as a Member Group.

All members have the right to vote at the AGM and nominate trustees to the CCVS board. Members are also entitled to a number of benefits including:

- Access to Crawley's unique Skill Swap network
- Marketing and promotion through regular E-bulletins and newsletters
- Support from Volunteer Crawley
- Low cost meeting room hire
- Membership of our networks and forums
- Fundraising support
- Support to help your charity, grow, develop and operate safely and sustainably
- Learning Lunches and events

You can apply for membership online at:
